DEDICATION OF COMMON AREAS:
 The undersigned Owners, in recording this Plat of Mill Creek-12, have designated as common areas certain tracts of land shown as Tracts 279 and 281 intended for use by members of the community in Mill Creek for recreation and other related activities.

The designated areas are not dedicated hereby for use by the general public but are dedicated to the common use and enjoyment and benefit of the members of the community as more fully provided in the Declaration of Restrictive Covenants, applicable to Mill Creek dated 21 April 1975 and recorded under Auditor's File No. 2382420 and as amended thereafter. Said Declaration of Restrictive Covenants is hereby incorporated and made part of this Plat.

DEDICATION:
 Know all men by these presents that we, the undersigned owners in fee simple of the land hereby platted, do hereby declare this plat and dedicate to the public forever all roads, ways, and easements shown hereon and the use thereof for all public purposes not inconsistent with the use thereof for public highway purposes with the right to make all necessary slopes for cuts and fills, and the right to continue to drain said roads and ways over and across any lot or lots, where water might take a natural course, in the original reasonable grading of the roads and ways shown hereon.

Following original reasonable grading of roads and ways hereon, no drainage waters on any lot or lots shall be diverted, or blocked from their natural course so as to discharge upon any public road rights-of-way, or to hamper proper road drainage. Any enclosing of drainage water in culverts or drains or rerouting thereof across any lot may be undertaken by or for the owner of any lot, shall be done by and at the expense of such owner.

IN WITNESS WHEREOF we have set our hands and seals.

UNITED DEVELOPMENT CORPORATION

 President

 Secretary

EASEMENTS:
 An easement is hereby reserved for and dedicated to the Public and Alderwood Water District and Public Utility District No. 1 of Snohomish County and General Telephone Company of the Northwest, Inc., and the Franchised Television Cable Company and Washington Natural Gas, their respective successors, and assigns, under and upon the exterior seven (7) feet, parallel with and adjoining the Public Street frontage for all lots and tracts, in which to install, lay, construct, renew, operate and maintain underground conduits, cables and wires with necessary facilities and other equipment for the purpose of serving this subdivision and other property with electric, telephone, cable television, natural gas, water, sewer, storm drainage and any other utility which is reasonable and necessary for a residential subdivision.

Furthermore, the seven foot strip may be utilized by the Public for necessary roadway slopes, cuts and fills, and walkways and trails.
 Also, each lot (Tracts are excluded) is subject to an easement for the above stated purposes, which is 2.5 feet in width parallel with and adjoining all side lot lines which adjoin another lot, and five (5) feet in width, parallel with and adjoining all rear lot lines which adjoin another lot.

Provided, however, the grant of easement set forth herein with respect to side lot lines and rear lot lines of adjoining lots in this plat is subject to the condition that in the event transferees from the United Development Corporation of more than one lot in this plat on a contiguous basis, own or hold said lots for the purpose of constructing buildings thereon, which buildings would cross platted lot or tract lines such construction shall be permitted irrespective of the existence of the plat easement contained in this paragraph, provided such easement areas have not been utilized for their easement purposes to receive lines or utilities at the time such construction is sought by such ownership and a building permit applied for. Provided further, no utilities or lines shall be installed by the beneficiaries of the easement in the side lot areas or rear lot areas without first obtaining from owners of lots in the plat holding contiguous lots, written consent to such installation. Subsequent transferees from the grantees of United Development Corporation shall have the same rights with respect to property which is held on a contiguous basis in the event that such easement areas have not been utilized by the beneficiaries named in the first paragraph, and beneficiaries shall be under an obligation to obtain written consent to installation of utilities in the easement area from the ownerships of contiguously held properties within the plat.

No lines or wires for transmission of electric current or for telephone use, cable television, or fire or police signals or for other purposes shall be placed or permitted to be placed upon any lot or tract outside the buildings thereon unless the same shall be underground or in conduit attached to the building.

All common areas noted are subject to public utility easement provisions for the purpose of serving this subdivision and other property with electric, telephone, cable television, natural gas, water, sewer, and storm drainage, and any other utility which is reasonable and necessary for a residential subdivision.

Drainage easements designated on the plat are hereby reserved for and granted to City of Mill Creek for the right of ingress and egress for the purpose of maintaining and operating stormwater facilities.

RESTRICTIONS:
 No lot or portion of a lot in this plat shall be divided and sold or resold or ownership changed or transferred whereby the ownership of any portion of this plat shall contain less than the area required for the use district in which located.
 Further that said plat is subject to declaration of restrictive covenants as recorded under Auditor's File No. 2382420 and as amended thereafter.

Further that said plat is not subject to the amendment of said restrictive covenants as recorded under Auditor's File No. 7603090126, Volume 951 O.R., pages 194-196.
 No further subdivision of any lot without resubmitting for formal plat procedure.
 Prior approval must be obtained from the City Engineer before any structures, fill or obstructions, including fences, are located within any drainage easement or delineated flood plain area.
